2025-2026

WISCONSIN AIHA MEMBER H&S CONSULTANT DIRECTORY

REVISED: February 2026

The Wisconsin local section of the American Industrial Hygiene Association (WI-AIHA) provides this Member Health & Safety Consultant Directory to the user for informational purposes only, and not as a comprehensive resource, advice, or instruction. While we have compiled this directory with care, WI-AIHA does not warrant the accuracy of the information contained in the list and does not assume any responsibility for the reliability or usefulness of such information. All users of the directory should exercise independent judgment in selecting and using information contained herein.

Many thanks to our sponsors. The ad revenue generated here helps us subsidize industrial hygiene students who want to attend our educational dinner meetings and Professional Development Courses (PDCs). It also helps us support the AIHA Student Section at UW Whitewater .

If you have a product or service relevant to EHS professionals, please consider advertising in the next version of this directory. You can find more information through our web page: https://www.wisconsinaiha.com/

BAY ENVIRONMENTAL STRATEGIES

Erin Mader
2920 S Webster Ave, Green Bay, WI 54301
Phone: (920) 347-2234
eemader@bayenvironmental.com
https://bayenvironmental.com/

Services: Bay Environmental Strategies provides comprehensive environmental, health and safety services, tailored toward your specific needs. Whether you need training, employee exposure monitoring or onsite management of your programs, we can help you. Our staff isn't afraid of rolling up our sleeves and working hard to get the job done on time and in budget. We always employ the client-first mentality and look forward to working with you! Services offered by BAY include project management and/or team leadership of our clients' health, safety & environmental programs, acting as professional liaison to regulatory authorities, and serving as a watchdog for future regulations that may affect the business of clients. BAY provides our clients with technically sound, cost-effective solutions to their health, safety & environmental problems.

ENVIRONMENTAL INITIATIVES OF NORTH AMERICA, INC.

Cassidy Kuchenbecker, MS
11621 West Oxford Place, Wauwatosa, WI 53226
Phone: (414) 651-6653
ck@eimidwest.com
www.eimidwest.com

We specialize in sensitive clients, indoor air quality (IAQ / IEQ), water damage and mold, allergens, asbestos, and other contaminants. We assess situations where people are getting sick or concerned about the building's potential impact on health. Our staff members are scientists and bring microscopes and other specialized equipment to each assessment.
This allows us to collect and instantly analyze as many samples as required to understand the root cause of the problem and how best to proceed. Assessments are detailed and tailored to the situation. We have 25+ years of experience and our small, dedicated team has completed over 20,000 assessments. You won't get a technician with us. You get a fully experienced consultant backed by a team of diverse education and professional experience.

ENVIRONMENTAL MANAGEMENT CONSULTING (EMC)

Connor Freeman, Health/Safety Consultant
W7748 County Hwy V, Lake Mills, WI 53551
Phone: (920) 648-6343
cfreeman@emc-wi.com
Cody Mertens, CIH
Phone: (262) 510-9627
cmertens@emc-wi.com
https://emc-wi.com/emc

EMC is a multidisciplinary environmental safety consulting firm with 30+ years of occupational safety and industrial hygiene consulting experience. In addition to experience, EMC staff hold a full spectrum of professional certifications necessary to appropriately complete the required EHS and IH work. These certifications include: CIH, CSP, CHMM, CEIC, Asbestos Inspector and Lead Risk Assessor. EMC has extensive experience in asbestos inspection, project design/management, lead inspection, indoor air quality evaluation, microbial inspection, industrial hygiene monitoring, sound level surveys and noise monitoring (dosimetry). EMC has offered comprehensive industrial hygiene and safety services for a variety of industries including educational (K-12, University), manufacturing, shipbuilding, foundry, utility, insurance, government agencies and municipalities. EMC carries a full line of professional liability insurance, which is essential in providing the client with the proper protection.

GZA

Kimberly A. Hoppe Parr, PhD, CIH
17975 West Sara Lane, Suite 100, Brookfield, WI 53045
Phone: (262) 758-2584
kimberly.parr@gza.com
Andrew Mackensen, P.E.
andrew.mackensen@gza.com
https://www.gza.com/

Services: GZA has 30 offices across the United States specializing in geotechnical, environmental, ecological, water and construction management services areas. GZA is pleased to offer safety and industrial hygiene services fueled by our award-winning safety culture. Using our own successful Behavior-Based Safety (BBS) system as a model, GZA can help with everything from a simple task hazard analysis to designing and leading safety culture change initiatives.
Our experience includes heavy construction, manufacturing, power, academic institutions, research laboratories, and non-profits, and our staff combine that experience with a strong safety culture to provide a variety of services, including audits, inspections, training, industrial hygiene sampling, and OSHA citation response and negotiation. GZA's EHS Regulatory Compliance practice has been helping clients navigate complex layers of local, state, and federal regulations since the 1980s. GZA's comprehensive practice includes Certified Industrial Hygienists (CIH); Certified Instructional Trainers (CIT); Certified Hazardous Materials Managers (CHMM); Certified Safety Professionals (CSP); OHSAS 18001 Lead Auditors; and OSHA Construction Authorized trainers, including OSHA 510 and 511.

IH SOURCE LLC

Carol A. Chojnacki, MS, CIH
13180 Winterberry Way, New Berlin, WI 3151
Phone: (414) 545-2261
ihsource@wi.rr.com
http://www.ihsource.com

Services: IH Source provides comprehensive industrial hygiene and occupational environmental health consulting services, primarily in the manufacturing, industrial, medical/healthcare and government sectors. Services provided include air and noise monitoring to assess employee exposures, OSHA compliance program development, assistance with respiratory protection/personal protective equipment, hearing conservation programs, training, occupational illness or occupational disease investigations, and exposure controls.

INDUSTRIAL HYGIENE SYSTEM, INC.

Eugene Ruenger, MPH, CIH, PhD
N7198 190th Street, Knapp, WI 54749
Phone: (715) 665-2229 & (715) 702-1841
IH-System@centurytel.net
Knapphills@gmail.com

Services: Industrial Hygiene System provides comprehensive industrial hygiene services including exposure assessments of gases and vapors; aerosols of dust, mist, and microbes (including mold); and noise and ultrasound. We offer investigations into health hazards and employee exposures to substances such as diacetyl and 2,3-pentanedione, crystalline silica, welding fume, hydrogen peroxide, and peroxyacetic acid, and to physical agents such as sound, ultrasound, and ultraviolet light. We also provide special evaluations such as investigating environmental noise, the effectiveness of ventilation systems, emission rates of formaldehyde from consumer products, and the accuracy of direct reading dust measurements. Dr. Ruenger is a member of the Beryllium Consultant Network.

INSIGHT IH CONSULTING, LLC

Eric Pylkas, CIH, CSP, CHMM
300 Cottonwood Avenue, Suite #2, Hartland, WI 53029
Phone: (262) 347-6599
Eric.Pylkas@insightIHconsulting.com
www.insightIHconsulting.com

Insight IH Consulting is a full-service industrial hygiene consulting firm based in Wisconsin that provides a multitude of services to industrial clients. We have extensive experience in many industries throughout the country, including heavy manufacturing, machine shops, food and beverage, electronics, paper, and petrochemical. We specialize in industrial hygiene assessments, noise monitoring, air contaminant and noise contour mapping, real-time particulate studies, and indoor air quality.

NELSON INDUSTRIAL HYGIENE, LLC

Tim D. Nelson, CIH
5843 Sandy Lane, Racine, WI 53406
Phone: (262) 880-1879
tim.nelson@nelsonih.com
https://www.nelsonih.com

Services: Comprehensive industrial hygiene consulting service based out of Racine, WI. Services include, but are not limited to employee air monitoring, noise monitoring, surface contaminant sampling, grade D breathing air sampling, site scoping and development of monitoring plans, facility OSHA audits, employee training, and job hazard analyses.

PRACTICAL SAFETY AND HEALTH SOLUTIONS, LLC

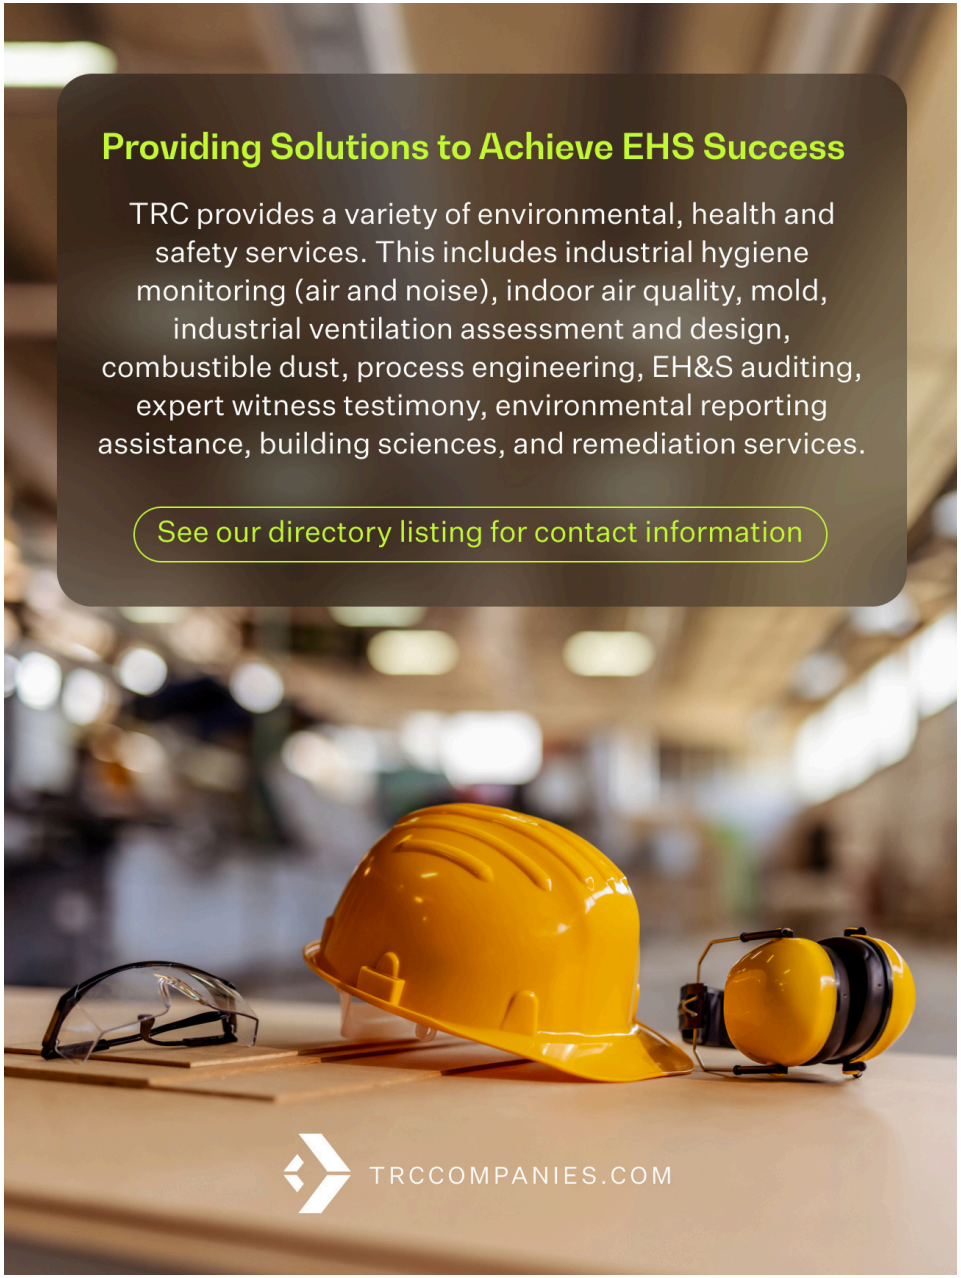
Susen Trail, CIH
829 E. Minor Street, Appleton, WI 54911
Phone: (920) 944-9143
cih@psahs.com
practicalsafetyandhealthsolutions.com

Services: We provide expert industrial hygiene services, delivering actionable data to protect your workforce. Our commitment to excellence ensures the best service possible for businesses of any size.
Comprehensive Exposure Assessment: Whether through air or noise sampling, we develop targeted strategies to pinpoint exposure sources and identify employees at highest risk.
Your Detailed Report: Our comprehensive reports are designed for immediate use and long-term value. Each report will include:
1. A Detailed Snapshot: A thorough description of sampling-day conditions, enabling future comparison and informed decisions on re-sampling needs.
2. Hazard Communication Tool: Clear explanations of physical and health hazards for noise and chemicals, empowering Safety Managers to effectively train employees.
3. Regulatory Compliance: Assurance that the report meets OSHA 1910.1020 requirements for Access to Employee Exposure and Medical Records.
Practical Safety Software Tools: We also develop digital apps to streamline your safety tasks. For example, our DOT Hazardous Material Shipping Paper app uses CAS numbers to auto-fill a compliant shipping paper template and generates required placards and packaging instructions—saving you time and reducing errors.

RAMBOLL AMERICAS ENGINEERING SOLUTIONS, INC.

Mike Russell, MS, MSB, CIH, CSP, CPEA
234 West Florida Street, Fifth Floor, Milwaukee, WI 53204
Phone: (262) 901-3511 or [M] (608) 577-4637
mrussell@ramboll.com
ramboll.com/en-us/health-safety-and-risk/health-sciences

Services: Ramboll is a full-service health, safety and environmental (HSE) consultancy. Our team of industrial hygienists, safety professionals, toxicologists, epidemiologists, product stewardship consultants, and engineers assist private and public sector clients with their most challenging needs. Ramboll is a global firm that provides hands-on local support across the Upper Midwest (and OSHA/EPA Region 5) through our offices in Milwaukee, Minneapolis, Chicago, Ann Arbor, Cincinnati, and Columbus. We are proudly celebrating our 80th anniversary. See our display ad on page 3.



TRC ENVIRONMENTAL

Brian Harms, PE, CIH
6737 W. Washington Street, Suite 3460, West Allis, WI 53214
Phone: (414) 651-2120
bharms@trccompanies.com
Leo H. Tramm, PE
Phone: (262) 901-2144
ltramm@trccompanies.com
https://www.trccompanies.com/

Services: TRC provides a variety of environmental health and safety services. This includes industrial hygiene monitoring (air and noise), indoor air quality, mold, industrial ventilation assessment and design, combustible dust, process engineering, EH&S auditing, expert witness testimony, environmental reporting assistance, building sciences, and remediation services.
