November Program Announcement

Facility Tour!
Mercury Marine

It's nice to go out and tour a manufacturing facility every once in a while. Mercury Marine in Fond du Lac has graciously agreed to allow us IH professionals to tour their facility (see page 3 for site specific requirements)! The site recommends arriving 30 minutes prior to the start of the event to account for parking and check in. Please note that this is a lunch program and not a dinner program so plan accordingly!

If you are attending, please provide your name, company, and email address to Rebecca Ferrell (Rebecca.ferrell@toshiba.com) per Mercury Marine's request.

Mercury Marine has asked us to cap attendance at 25 people. We ask that you sign up soon as spots are based on a first come first serve basis. A notification will be sent out once all spots are filled.
